## WORK EXPERIENCE

**MERN Developer Intern, Ananta Solution** 01/2025 - Present

- Contributed to two major company projects by developing dynamic, responsive user interfaces using **React.js**.
- Utilized **Git** for version control and actively participated in code reviews to enhance code quality and support team collaboration.

## SKILLS

### Programming Languages:

C, C++, Java, HTML, CSS, JavaScript

### Frameworks/ Libraries:

ReactJS, TailwindCSS, ExpressJS, Framer-motion, GSAP, Lenis Smooth Scroll

### Databases:

MongoDB, MySQL

### Dev Tools:

Visual Studio Code, Git, GitHub

## PROJECTS

### Webiso – Digital Agency Website [🔗](#)

- Created a dynamic and animated website for a digital agency using modern UI libraries for smooth transitions and sliders. The responsive design ensures a smooth experience on both desktop and mobile.
- Designed a contact form that stores submissions in a MongoDB database via an Express backend.

### Musiflow (Online Music Streaming Platform) [🔗](#)

- Developed a sleek and responsive music streaming platform using React.js and Tailwind CSS, featuring smooth audio playback, search functionality, and artist-based categorization.
- Integrated a third-party music API to dynamically fetch and display trending tracks, enhancing the user experience with real-time content and intuitive navigation.

### E-Commerce Website [Currently working]

- Technology: React.js, MongoDB, Express.js, Node.js, Stripe and Razorpay

### Portfolio Website [🔗](#)

- Crafted a modern, responsive personal portfolio using React.js and Tailwind CSS to showcase projects, skills, and experience with smooth navigation and animations.
- Implemented reusable components and clean UI design to create a professional digital presence optimized for both desktop and mobile devices.
